NOTICED MORE PLANE NOISE?

BFPCA

WHAT'S GOING ON?

Brisbane Flight Path Community Alliance is made up of community members and groups negatively impacted by aircraft noise and pollution across the wider Brisbane area. We lead the campaign for better flight paths, a curfew and a flight movement cap at Brisbane Airport.

Airservices Australia and Brisbane Airport Corporation want an **unlimited number of planes flying over greater Brisbane** to make them rich.

Their solution to the devastating noise pollution this is causing is to "share" it to new suburbs, including yours. BFPCA is fighting for a better solution; a **curfew** and a total **flight cap** just like Sydney Airport has.

Scan the QR code for more information about BFPCA and our planned protest.

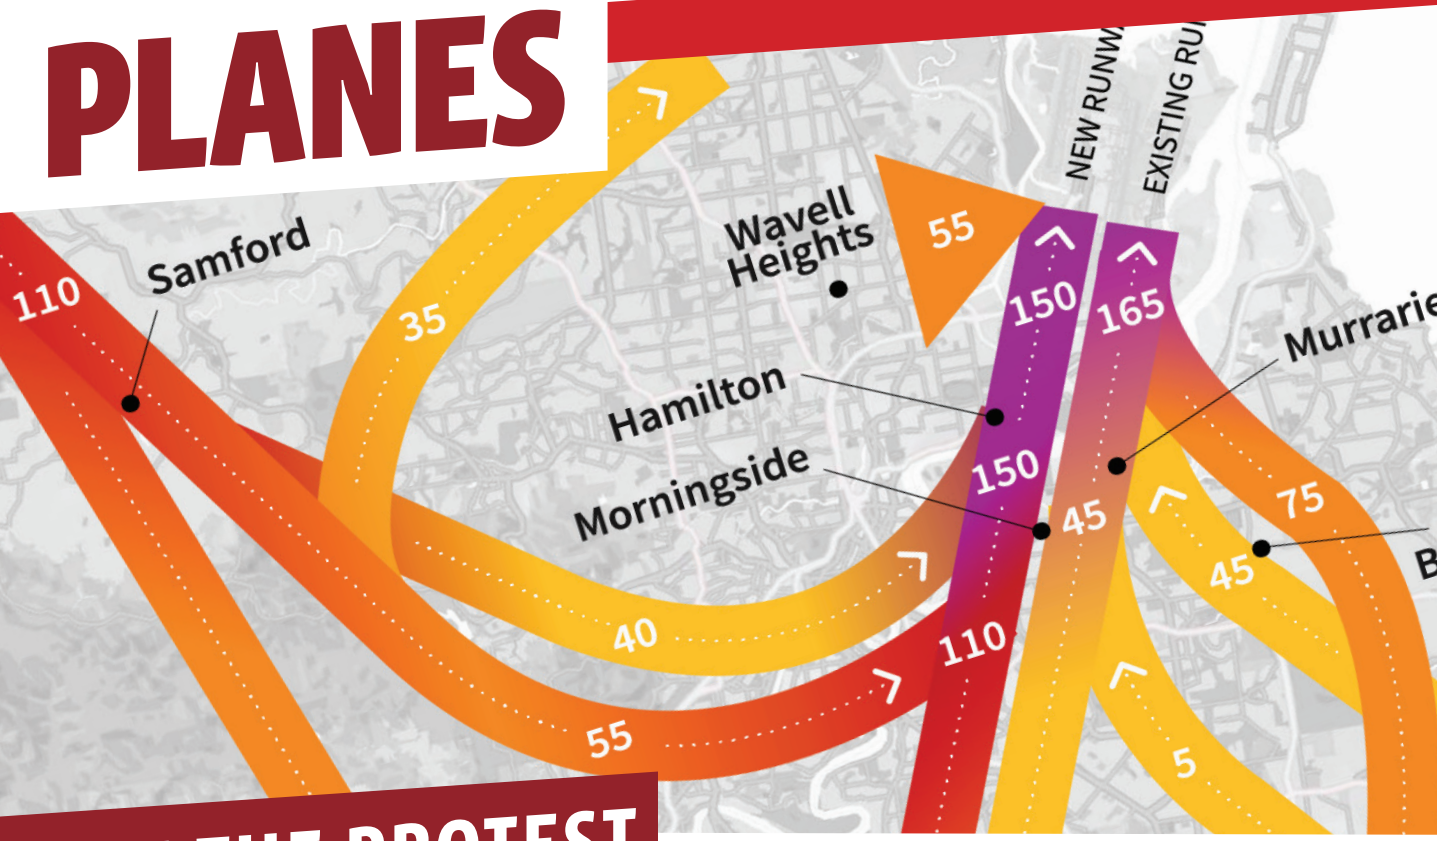
PEOPLE BEFORE PLANES



JOIN THE PROTEST

We have spent years fighting for a fair outcome on unsustainable aircraft noise pollution, but our complaints continue to fall on deaf ears.

The time has come to protest.

Time:	9am
Date:	**Saturday 10 June 2023**
Location:	Brisbane Airport Corporation headquarters, 11 The Cct, Brisbane Airport QLD 4008 (near DFO)

Scan the QR Code for more info and to RSVP

This BFPCA protest is part of the UECNA International Day of Action to cap aviation and reduce noise.
